Re: Response from Resource Development Coordinating Committee (RDCC), Dove Creek Quarry,
M/003/016, Box Elder County, Utah

Dear Mr. Bown:

On July 28, 2000, we received notification from RDCC stating that your Dove Creek Quarry may have a short-term impact on air quality due to fugitive dust during mining activity. Therefore, this site may be subject to Utah Air Conservation Rules

If you have not already done so, please contact the Division of Air Quality at 150 North 1950 West, SLC, 84116 to determine if you need a permit for this operation. Please send us a copy of the air quality permit once obtained, or a copy of their letter exempting your operation from requiring this permit.

Thank you for your attention to this requirement.

Sincerely,

Lynn Kunzler
Senior Reclamation Specialist
